Become a Love & Logic Parent

**Childcare and
Activities for the
kids!**

**Here's what
other West Hart-
ford parents
have to say
about Love &
Logic:**

"I learned to speak without yelling and still get done what I need to get done."

"I love the new Love and Logic Program! It showed me how to help my child help himself."

"It showed me how to give my children choices"

Parenting Can Be Challenging.

Come together with other parents to learn about the Love & Logic approach to dealing with children.

Become a Love & Logic Parent

The Love & Logic Program

Parents and teachers will watch a video that tells, through stories, about challenges parents have faced with their children. Then the parents and teachers will talk about the ideas presented in the tape, using the parent books as a guide. This process is repeated several times. It's a great way to learn new ways to deal with your child's most challenging behaviors, and to share with and learn from others.

Please complete the form below and return it, along with payment by 1/4/2010.

Scholarships are available. Please call Dr. Stokoe for more information at 233-8535.
