proposed budget in the amount of \$146,841,623, make revisions as necessary, and adopt the 2014-2015 Board of Education budget

Mr. Schmitt expressed his support for the budget and acknowledged the work and effort involved internally and the contributions of external perspectives to produce a responsible budget. Ms. Gilcrest and Dr. Overmyer-Velazquez expressed their support for the budget, noting their appreciation for the complex process and the concrete contributions, questions and discussions. Mr. Sarzen sought and received clarification regarding the purpose or rationale for several specific line items. Mr. Zydanowicz raised additional questions and budget concerns and identified potential areas for savings. The administration provided a rationale for those items.

Mr. Putterman outlined the voting procedure to include a vote on an initial reduction of approximately \$1 million, a vote on the addition of the half time clinical department supervisor, and then votes on other reductions that Board members propose.

Mr. Zydanowicz raised the possibility of postponing the budget vote to allow for more time to digest the clarifications provided by the administration. Other board members indicated they did not want to postpone the vote, noting that ample time had been provided to review and discuss the budget.

Mr. Putterman reiterated the process for voting on the budget, and invited all Board members to identify specific line items that they would like to consider reducing. Mr. Putterman proposed voting on the \$1 million reduction through combined reductions in health care, worker's comp, and the principal on assignment. He also proposed voting on the addition of the half time clinical department supervisor. Mr. Sarzen proposed voting to consolidate the attendance coordinators and activity coordinators at the high schools, for a savings of \$56,000 and proposed voting to eliminate one elementary FTE position, for a savings of \$73,000. No other changes to the budget were proposed, resulting in four sub votes:
