POLICY 3210

Income

Interest Accrued from Specially-Funded Accounts

Any interest that may accrue from specially-funded accounts shall be dedicated to the following purposes unless otherwise determined by the Board of Education:

1. to fund research and development projects intended to improve the effectiveness of teaching and learning;
2. to fund research and development projects intended to enhance the application of modern technology to instruction and administration;
3. to fund capital improvement projects intended to reduce operating costs; and
4. to fund projects intended to assure supplemental educational opportunities for all pupils.

The Superintendent shall inform the Board of each project that he/she will be initiating. He/she shall also inform the Board annually of the status of all such projects.
