

2018-19 First Day of School Enrollments

Chip Ward – Director of Finance and Planning

We opened the school year successfully with a total K-12 enrollment of 9,339 which is 61 students lower than last year, and with 28 fewer students than projected.

- We had budgeted for 204 classroom sections at the elementary level and we currently have 203 sections. As of the opening day of school, all 203 sections are under class size guidelines. Our average elementary class size is 19.9. In total, we have 4,036 elementary students compared to 4,109 last year, and a projected 4,067 for this year.
- At the middle school level – enrollments are generally a little higher than expectations with 15 more students in grade 6, 13 more students in grade 7, but 5 fewer students in grade 8. Total middle school enrollment is 2,219 compared to 2,259 last year and a projected 2,196 for this year.
- At the high school level, Conard is at 1,472 students (22 fewer than projected) and Hall is at 1,536 students (1 fewer than projected). Total high school enrollment is 3,008 compared to 2,952 last year and a projected 3,031 for this year.
- Total K-12 enrollment on the first day of school was 9,339 compared to 9,400 last year and a projected 9,367 for this year.
- These are just preliminary numbers as enrollments change during September as class rosters are reviewed and updated – typically enrollments increase slightly at the lower grade levels and decrease at the high school level. Last year, total enrollment decreased by 35 students from first day of school to October 1. The official enrollment report and class size analysis will happen at the second Board meeting in October reflecting the October 1 enrollment data.
